

gocept.selenium - Bug #13378

refactor screenshot-on-error functionality

2014-04-28 13:43 - Daniel Havlik

Status:	Fix released	Start date:	
Priority:	Normal (P3)	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	2.00 hours
Target version:			
Keywords:			
Description			
Currently, there is a screenshot made on any AssertionError. This is way too much, because assertion errors happening all the time (waitFor...).			
Also, there are a lot of temporary files created, this can be refactored.
